

At-Risk Children Need You!

40% of children attending Encompass programs live in poverty. Many don't have food on the weekends, essential play items, shoes, boots or winter coats. Your donation today helps supply these critical items to our needy children.

Children Learn Through Play

"Play" for Young Children is "Essential" and we are finding that some families don't have the resources they need to simply play. With a donation today, you can give children the essentials, such as bubbles, sidewalk chalk, board games, balls, and more.

Homelessness

It's hard to believe but some of our families live on the street or in their cars. This extreme poverty impacts our children. It's hard to learn and grow when you don't have the security of appropriate shelter. Your donation helps provide a safe haven for them during their day at Encompass.

If the Shoe Fits and More

Children often enter our doors with outgrown shoes and boots that limit their ability to walk, run, climb, grow, and learn because of foot pain, or without cold weather clothing to keep them warm during outside play. You can give a gift of shoes, socks, boots, winter coats, and snow pants to provide our at-risk children with appropriate footwear for all seasons and clothing for our Wisconsin winters.

Tuition Assistance Scholarships

Encompass believes every child is entitled to the tools needed for success in school. Our programs encourage brain development and skill development through the first five years. You can provide financial tuition assistance to a family in need and prepare a child for school.

Weekend Food Packs

All children in our programs are assured of breakfast, lunch and snacks. Some of our families suffer food insecurity and cannot feed their families. By contributing to Weekend Food Packs you provide nourishing food for the weekend that is critical for a child's development.

To donate to any of these programs simply click on this link and select "Use this donation for" to select the program you'd like to help. <https://tinyurl.com/yco2j9rx>
